This year, the Class of 1971 takes pride in dedicating the META to Mr. Robert P. Cavanaugh, a man who has devoted much of his life to the young. It would take pages to recognize all the contributions he has made and all the encouragement he has given, not only to the classes of Peabody High, but also to kids throughout the entire Northshore area. A great teacher, a wonderful advisor, a warm human being — Mr. C, you're one of our very special friends!

"The foundation of every state
is the education of its youth."

Diogenes

Faithfully serving the City of Peabody for many years as a teacher in the High School and as the Superintendent of Schools, William A. Welch faced and solved in a truly dedicated and capable manner the many challenges of education; teaching, curriculum planning, management, and administration. With a deep feeling of appreciation we recall this great man and his contribution to our better educational facilities and higher standards of learning. The impact that his devotion and ideals have made on our educational system continues to serve as a true testimony of his life and service.

He labored "in general honest
thought and common good to all."

Shakespeare

Peabody can never repay its debt to this man who served and loved it for so many years. Deeply sensitive to the educational needs of its youth and motivated by a sincere desire to fulfill these needs, Arthur J. Barry lived a life of sacrifice to God and his fellow man. We cannot measure the full significance of his leadership. We honor him for the virtues of understanding, patience, compassion, and performance which characterize his stewardship as the Principal of Peabody High School. Of greater meaning than our words are his life and goodness which stand as the greatest tribute to his excellence.

My dear Graduates:

Congratulations to the Class of 1971 as you mark the termination of a most important cycle in your progress through life!

Graduation, to you, must be recognized as the beginning of a new and definitely challenging era in which will descend upon your generation the grave responsibility of alleviating the world of the futile strife, strident dissonance, and harsh discord so prevalent today.

I have the greatest confidence in your future progress, for as a student body you admirably exhibited the intelligence, the wisdom, and the prudence so necessary to your generation if it is to make this world a better place in which to live.

May your lives be gratifyingly rewarding and blessed with enduring health and happiness!

Sincerely,

William A. Welch
Principal

In the beginning God created the Teacher and the student. Now the student was uninformed and inexperienced and confusion was upon the face of the student; and the spirit of Mr. Johnson hovered over the bleachers of the gym. And Mr. Johnson said: 'Let there be sophomores.' And there were sophomores. And Mr. Welch saw the sophomores, that they were good; And Mr. Welch divided the sophomores into homerooms. And the first group he called House A, and the second, House B, and the third, House C. And there was summer and fall, one day, September 4, 1968.

And someone said: 'Let there be a line in the midst of the corridors, and let it divide the oncomings from the 'ongoings'.' And they made the partition in the cafeteria, and divided the girls who were on the left of the partition from the boys who were on the right of the partition; and it was so. And they called the meals food. And there was a beginning, and now, there was a continuance, a second year, 1969.

And Mr. Welch said: 'Let the students of the school be gathered together unto one place, and let the pep rally appear.' And it was so. And Mr. Welch called the pep rally Spirit, and the gathering of the students was called Enthusiasm; and we saw that this feeling was good. And the coaches said: 'Let the school put forth teams, boys wielding footballs, and boys bearing track shoes during the season, wherein is the seed of winning, upon the school.' And it was so.

And the School said: 'Let there be amendments in the dress code of the school to allow the students freedom in dress; and let the ties and dress lengths be forgotten for seasons; for days and years to come; and let them be as signs in the firmament of the school to give responsibilities to the students.' And it was so. And Man experienced two great events: The light of peace – the Moratorium – to rule the day; and the light of knowledge – the Moonwalk – to rule the night and the stars. And there was revolution and there was resolution, a fourth essence.

And the Teacher said: 'Behold, I have given you every theory yielding proof, which is upon the pages of all the books, and every principle, which is the fruit of a tree yielding thought. And for every concept of the mind, and for every ideal of hope, and for every thing that must be, there is a desire to change and to better.' And it will be so. And we see much of what we have done, and, behold, it is diverse and extensive. And there was evening, and now there is morning, the sixth day, June, 1971.

IN MEMORY OF LEONARD CRONIN

It is difficult to find words to describe Lennie. Who can forget his contagious humor and his knack of coming out with some unexpected word or saying at just the right time! Many of us have tried to imitate him, but in vain. There was only one Lennie Cronin, and we'll always remember him.

Peabody — Salem Rally

With cheers and support from all of us, our football team displayed its determination to give archrival Salem a challenging game.

VARSITY FOOTBALL

The loss of 29 seniors from 1970's team hurt the state champion Tanners, but a speedy running attack and a tough defense gained them a measure of respect despite the poor 3-5 record. Costly mistakes through inexperience made the difference in many close games.

VARSITY BASKETBALL

Despite the fact that only two players had had any previous varsity experience, teamwork and hustle, plus a "never-say-die" attitude put the underdog Tanners in almost every game, and surprised even the strongest teams on the North Shore.

VARSITY HOCKEY

The Tanners put on a great display of desire and teamwork this year while playing some fairly tough teams in the North Shore Hockey League. They didn't always win, but they played their hearts out and deserve a lot of credit for their determination.

IN MEMORIAM

Those of us who knew Miss Catherine L. Sheehan will remember her patience and good nature as she helped unselfishly and devotedly for over twenty-seven years in countless musical and variety shows sponsored by the high school.

The Meta Staff of 1971 expresses its gratitude to all the people who have helped to make our yearbook a success. Mr. Callahan was always around to give plenty of encouragement and advice. We genuinely appreciate both his assistance and the use of his office. We are indebted to Miss Luz for her hard work on the advertising campaign and in the management of financial matters. A big thank you is extended to Mrs. Benoit and Mrs. Marcos for their help with the typing work which was necessary. And finally, our deepest thanks go to all those who did the small and unnoticed jobs which are so important in such a tremendous project as the production of this yearbook.

THEY WERE VERY GOOD YEARS

A CLASS HISTORY

After three years of junior high school, we, the class of '71 entered Peabody High School on September 4, 1968 with optimistic thoughts of acting as "cool" as possible.

These visions were quickly shattered on that hot and humid day when we, the entering sophomore class, viewed our future home of secondary education – the institution on the hill!

When we were sophomores it was a very good year. A very good year for learning and envying. Within a few short weeks we were accustomed to the three houses of P.H.S. and their respective locations. Though becoming accustomed did not include making it to class on time, it did include knowing where the nearest unit director's office was so that one could obtain legal entrance – a late slip.

Since 7:30 A. M. was not our idea of a decent hour of the morning to begin classes, the fourth period homeroom and lunch period was, for most of us, the first time we opened our eyes all day!

It was a very good year for snow storms. How could anyone forget the four days of school we had in February and the exciting tales we told when asked, "Where were you during the snow storms?"

Among the "firsts" at P.H.S. that year was the banned culotte being added to the dress code and our football team almost making Class A champs.

Yes, it was a very good year.

When we were juniors it was a very good year. A very good year for involvement and excitement.

It was a very good year for football. Our dynamite team brought us many exciting moments we will never forget. Remember that rainy day in Salem when we splashed our way to victory? Who could forget that bitterly cold day in Saugus when we became Class A champs!

History was made that year at P.H.S. The dress code was abolished – well almost.

Dungarees were still forbidden, that is if you got caught. Oh those Think-It-Overs!

Though it seemed like centuries since we ordered them, our long awaited class rings came. However, they had to be reordered. It seems the ring company made a little mistake.

It was the year to take our first College Board and Achievement Exams. Remember those three hours of seeing spots before your eyes?

That was the year that most of us became of age. Driving age that is. Many thanks to Mr. Cronin for his guidance during that trying period.

Our first formal affair was held on May 8, 1970. The beautiful Chateau DeVille was the setting for our Junior Prom. It was an evening that saw the kids in the junior class transformed into the young men and women that no one could recognize.

Yes, it was a very good year.

When we were seniors it was a very good year. A very good year for maturing and planning.

It was a year of filling out college applications and taking College Board Exams. Why did they make them so hard?

It was a very good year for relaxing in the senior lounge and for being able to wear dungarees legally to school. Many thanks to MacDonalds for supplying Christmas decorations on the library roof.

The Christmas Ball, held December 29, 1970 proved to be the perfect event for celebrating the holiday season.

Slowly but surely plans were made for the future and everyone looked forward to the events surrounding Graduation Day.

First came the practicing and drilling outside while the underclassmen looked on with envy. Next came our fabulous banquet. Our last gathering, our Senior Reception, was a night filled with laughing, crying, and many, many memories.

And then before we knew it, Graduation Day came. It was a day we longed for when we were sophomores but now as seniors all we could do was stop and think.

Yes, they were very good years!

From the Kitchen of: Peabody High School Seniors

Serves: The Class of 1971

TAKE:

4 lbs. flour of love
½ lb. buttered youth
½ lb. good looks
½ lb. sweet temper
½ lb. self-forgetfulness
½ lb. blindness of faults

½ lb. powdered wits
½ ounce dry humor
2 tablespoons sweet argument
½ pint rippling laughter
½ wine glass common sense

PUT:

The flour of love, good looks, and sweet temper into a well-furnished house. Beat in the buttered youth to a cream.

MIX TOGETHER:

The self-forgetfulness, blindness of faults, powdered wits, and dry humor into the sweet argument and add them to the above.

POUR IN:

The gently rippling laughter and common sense. Work in all together till well mixed, then gently bake forever.
